

Legend:

- A** Controlled humidity warehouse
- B** Non-mech maintenance building
- C** Vehicle maintenance and preservation building
- D1** Automatic vehicle washing facility
- D2** Grease rack (vehicle inspection and washing)
- D3** High pressure vehicle washing
- F** Rations building
- G** Loading ramp
- I** Packaged POL storage
- J** Administration building
- L** Armament maintenance storage facility
- M** Battery acid storage
- M1** Battery filling facility
- N** Fuel & defuel pad
- O** Open storage
- P** Compressed gas storage
- R** Guard building
- T** POL pump station / gas station
- U** Heli pad
- V** Canteen
- W** Waste facility
- X** Maintenance service building
- Z** Security facility

— Installation boundary

- UST
- Oil-water separator
- B1 Soil boring
- MW Well
- TP Testpit

- Hardstand 0
22 test pits
- Hardstand 1
4 test pits
- Hardstand 2
3 test pits
- Hardstand 3
10 test pits

Project:

EBS Brunssum
U.S. Army Corps of Engineers,
Europe District

Projectnumber: 46326246

Appendix I1

scale: 1/1000
format: A3

Title:

**Boring locations
zone1**

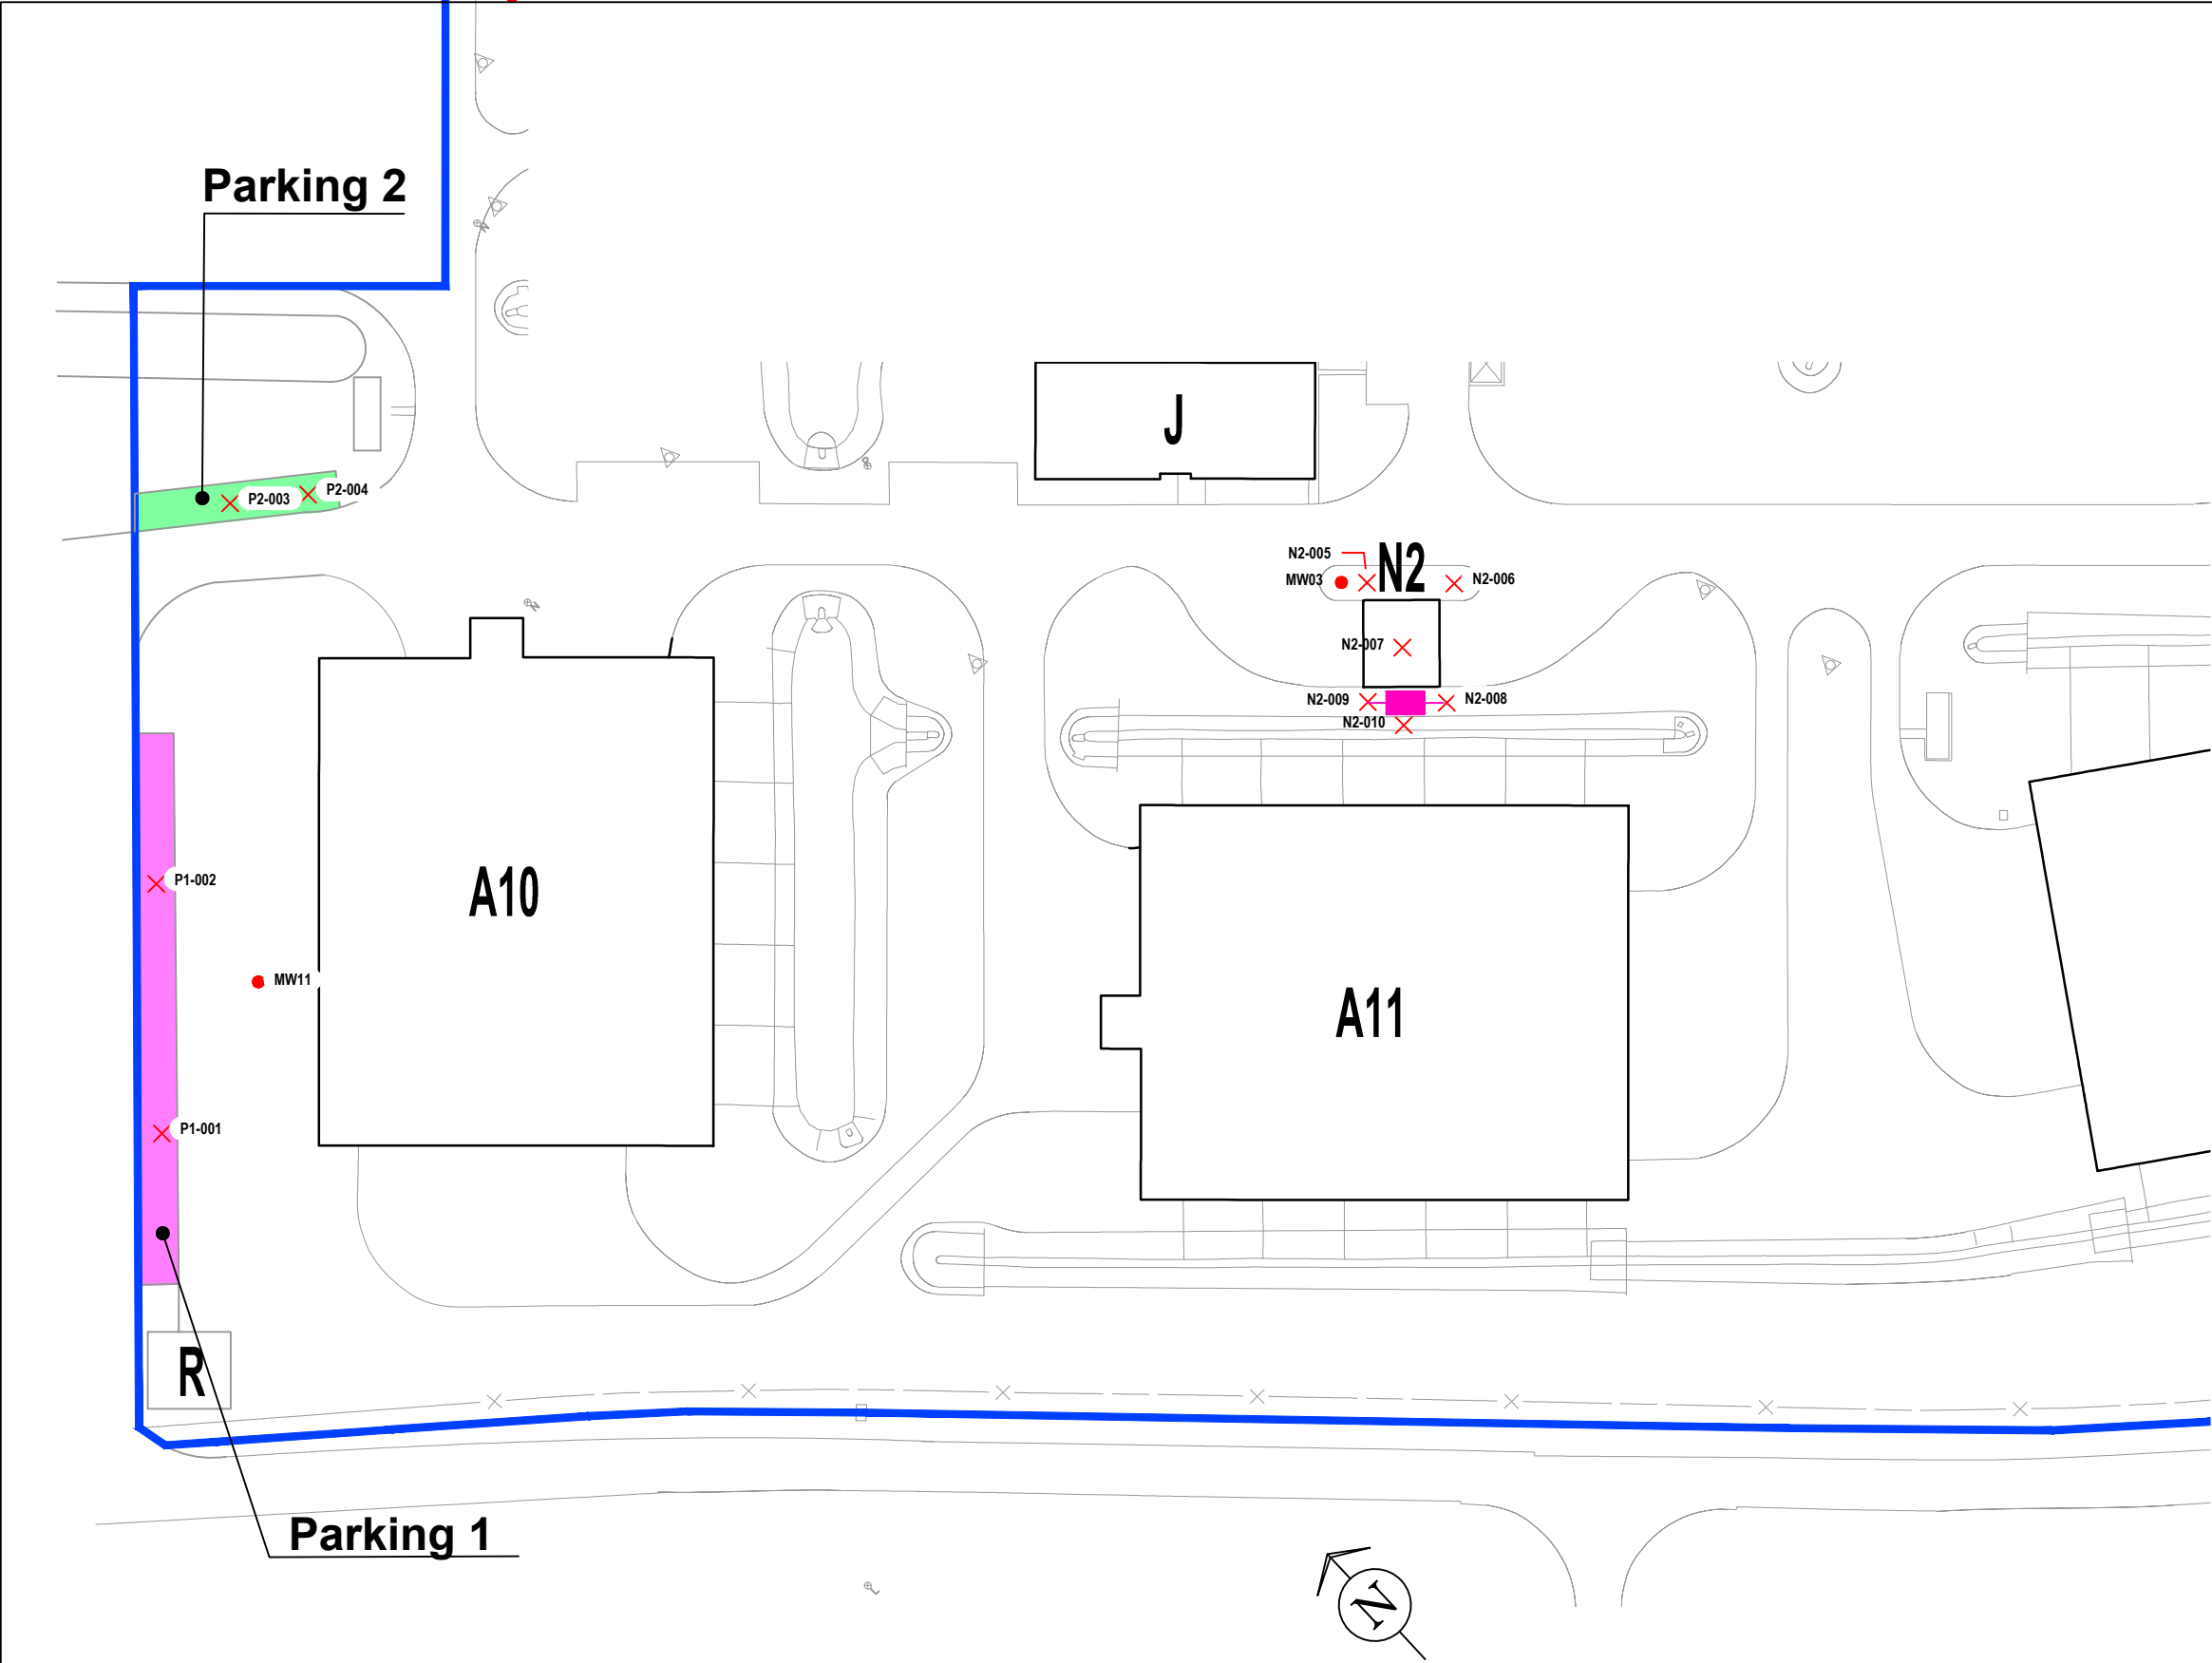

Date:

07-02-2013

De Vunt 13
3220 Holbeek
